HOW THINGS LOOK FROM

OUR STAND POINT.

The Opinion of The Caucasian and

the Opinion of Others which we

Can Endorse on the Various

Topics of the Day.

No lazy soul ever cracked the

nuts of knowledge—Pres. Crow-

ell.

We have received a copy of

the first issue of the Farmer's

Exchange, published at Fayette-

ville by Messrs. J. & O. Evans,

in the interest of the Farmer's

Alliance and the upbuilding of

Cumberland county. It makes

its bow to the public under flat-

tering auspices and will doubt-

less receive, what it eminently

deserves, a liberal patronage.

It contains well selected and

carefully edited matter and bids

fair to take rank among the

best papers of the Cape Fear

section.

The price of cotton has been

readjusted by the Cotton Ex-

change so as to advance the

price of low middling one-fourth

of a cent and to reduce the price

of good middling one-fourth of

a cent, relative to middling as a

base. We suppose this has been

done because there is more good

middling cotton on the market

than low middling. This piece

of financial ledgerdom on the

part of the cotton exchange

means that the buyer and not

the producer of cotton is to be

benefitted by the superior qual-

ity of the staple. There has been

only one bale of low middling

cotton sold in Clinton this sea-

son. We suppose later on, when

the inferior cotton begins to be

marketed, that the price will

again be readjusted the other

way. The trick is too thin to

fool the producer.

Nearly every town or city of

any size that is growing and

prospering has one or more

Building and Loan Associations.

These associations can be pro-

ductive of much good to some

of the citizens individually and

to all collectively. To the in-

dividuals who do not own

enough to make deposits and

run a bank account, it would be

an incentive to accumulate, by

inducing them to deposit the lit-

tle surplus of each week's labor

or profits. In this way every

member of the association would

soon have a snug little sum laid

by, drawing interest, for a rainy

day, made up of the little that

would otherwise have been

spent for trifles. To the whole

community it would be of great

benefit by collecting the small

capital of each member and put-

ting it together for the upbuild-

ing of the town, for enabling

every one, however poor, to own

a home. Citizens think about

the matter and let us start such

an association here in Clinton.

THE DARK CONTINENT.

A Trip from Kimberly to Johan-

nesburg.

[From a private letter of J. R. Patterson,

formerly of this county, but now travelling

in Africa.]

JOHANNESBURG,

SOUTH AFRICAN REPUBLIC,

August 13th, 1889.

I am at last in Johannesburg

commonly called the "Golden

City" and it was a fearful jour-

ney from Kimberley and a rough

one, but I do not feel any bad

effects from the trip.

The coach which left Kim-

berley on Wednesday morning

at 6:30 o'clock is drawn by 12

horses 2 abreast and is capable

of seating 12 persons, when fol-

lowed up and packed in like sar-

dines in a tin can, it is always

crowded, the seats often being

engaged 4 or 5 weeks ahead, they

charge \$50.00 for a passage from

Kimberley to Johannesburg and

one shilling (25c) per pound for

all excess baggage, only 25 lbs

being allowed to go free.

Twelve of us diminished our-

selves as much as possible and

wedged our bodies and legs into

this coach on Wednesday morn-

ing and the big double jointed

dutch driver cracked his whip

over the horses and bawled out

in a sepulchral voice something

that sounded like ha! ha! ha!

and the way we went in a

sweeping trot, sometimes in a

gallop running over stones as

large as water buckets, or any-

thing else that came in the way,

stopping about every hour or

hour and a half for 5 minutes,

where they have fresh horses

stationed all along the road, at

which places 12 fresh horses are

impounded, when the driver

blows his horn with a vengeance

signifying that the passengers

who have gotten out of the coach

to stretch and straighten out

their cramped limbs, must

squeeze themselves into the

coach again at once, and here

we go again bouncing over

stones and running into holes,

leaving behind us a train of

dust curling around in the sun-

shine, like an over shot wheel

at a water mill, the numerous

transport bullock wagons which

we met along the road kept the

dust thick in the air, and the

fatness of the country made me

feel like we were on an im-

mense round wheel, every time

I looked around the horizon, it

was a beautiful sight to see the

sun setting or rising through

this dust which was a similar

scene to a smoky glass, as the

sun gave every thing a reddish

hue, making the atmosphere feel

soft and balmy.

This "break neck" speed is

kept up day and night to Johan-

nesburg. The first night we

stopped 2 hours at a country

hotel between 12 and 2 o'clock;

I went in the hotel, fell down

on a bed without undressing

and an sure that I slept one

hour and fifty five minutes, and

A TELLING LECTURE IN THE AFTER-

We had the pleasure of at-

tending the Circuit S. S. Confer-

ence at Keener's Chapel, nine

miles from Clinton, in Hall's

township, on last Sabbath. Dr.

J. F. Crowell, the live, energetic

and practical President of Trin-

unusually large crowd—many

more than could find seats in

the large and roomy church—

was present to hear the distin-

guished educator. His text was

the 6-12 verses of 1 Timothy.

Subject: "Faith and Eternal

Life." He said:

of the soul against sin and self-

ishness. It is not a struggle

CLINTON, N. C., — OCT. 3, 1889.

New York's hopes for the World's Fair in 1892 are now brighter than those of any other place.

The trial of Cross and White set for the recent term of court at Raleigh has been postponed until November.

Rev. Sam Jones begins another meeting in Durham on the 5th instant. He is a favorite of Durham and Durham is a favorite of his.

Rev. R. G. Pearson, the Evangelist, is conducting a series of meetings at Charlotte. The Chronicle says he is accomplishing great good.

Davidson College opened this year with unusually bright prospects. A larger percentage of old students returned than usual and the freshman class is the largest in the history of the institution.

The spirit of partisanship is the greatest obstacle in the way of reform; it blinds its victims to actual conditions and prevents careful and honest investigations of issues and conditions. It leads men to permit others to think for them, and so leaves the masses ignorant upon questions of the most vital importance to them and the Nation.—National Economist.

One by one the gallant survivors of the Lost Cause are passing away. In the death of Gen. D. H. Hill, which occurred at Charlotte on the 24th ult., another of the South's bravest defenders has entered the haven of rest. His remains now lie in the church yard at Davidson College, alongside those of four of his children who went before him. He was a brave and able commander and a brother-in-law of Stonewall Jackson.

If there be another great European war during the present generation, it will be fought by new men. The commanders in the great Franco-German struggle are nearly all dead or superannuated. General Faidherbe, whose death on last Saturday ended a career made brilliant by his resolute defense of northern France against Manteuffel, leaves behind him few comrades of his own rank. Of twenty-four noted generals in our own Union war, but six survive. "So runs the world away."

Secretary of War Proctor wishes to locate the blood-thirsty Indian Chief, Geronimo, and his band in Western North Carolina. Gov. Fowle has written Secretary Proctor a letter plainly stating that North Carolina does not want a pack of blood-thirsty red men turned loose within its borders and suggests that they be sent to the desolated lands of Vermont, Proctor's native State. Geronimo, it will be remembered, is one of the most cruel and treacherous chiefs in the country and he and his band of Apaches have been for some time, kept closely confined in Mt. Vernon barracks, Alabama.

The annual sum expended by the United States for pensions alone to Union soldiers is \$88,000,000—one-third of the total cost of running this government. If it were all just and deserved it would be well enough, but a great part of this money is fraudulently expended—and increasing from year to year. As many men actually draw pensions, it is said, are enlisted during the war, and from this it would seem that the loss of the North was comparatively small. All the grand army men are not paupers, and surely the wounded and widows are not so abundant as statistics would have you believe. But this is the Republican method of reducing the surplus.

CUMBERLAND NEWS.

PROGRESSIVE FAYETTEVILLE—WATER WORKS SOON TO BE BUILT.

Dam Breaks in the River Causing Delay on the New Bridge.

[Reg. Cor. CAUCASIAN.]

FAYETTEVILLE, N. C., Sept. 30th, 1889.]

Fayetteville is having her share of fires this year. Tuesday morning, about one o'clock, the residence of Capt. R. H. Tomlinson, on Gillespie street, was burned. Capt. Tomlinson and Mr. Elliott, who were sleeping there were awakened by the smoke. Nothing but the piano and a few chairs saved. The building was owned by George Williams, superintendent of the State Colored Normal School and was insured for \$1,000. Insurance on furniture \$750.00.

Mr. W. F. Holmes, of Cumberland mill has been elected superintendent of the Fayetteville cotton mills, in place of Mr. J. T. Allridge.

The Farmers' Exchange, the new paper, made its appearance last Wednesday. It is edited by Mrs. J. & O. Evans, and is a neat and spicy paper.

Mr. Geo. W. Wightman, a well known young business man, left last week for Pine Bluff, Ark., to accept a position in a large cotton commission house at a good salary.

This city is rapidly undergoing a change. Old buildings are giving place to new ones, and vacant lots are being utilized. Capt. J. B. Bradford is remodeling his residence on Haymount. Mr. D. H. Ray is building a two-story dwelling on Hay street. Mr. Geo. P. McNeill has just commenced a \$4,000 residence on Rowan street and is building another to rent, adjoining it. Capt. Muse, of the "Short Cut" railroad has bought a house on Rowan street and is repairing and improving it. Mr. Frank Thornton is building five new houses on Maiden Lane. Mr. S. C. Ayer, is building two houses on Person street. The Yadkin Valley railroad is building a new passenger depot at a cost, it is said, of \$16,000. Mr. T. S. Luterloh has about completed his new house on Haymount. Small tenement houses are being built by the dozen, and still the demand for houses is not satisfied. What is this not a sign of progress, what is it?

Mr. T. A. Barker, manager of the Hotel Lafayette, will return in a day or two from his summer resort on Campbell Island, off Eastport, Maine. He has thoroughly advertised the hotel here as a winter resort, and it is probable that it will be filled this winter with northern guests.

The gas-light and electric light companies were purchased last Friday by the Egypt coal mining company. The new owners will make extensive improvements and extend the use of both. They will make coal gas, using the coal from the Egypt mines.

It is said that this city will have a fine system of water-works in another year. The works are to be built by a Northern company. While we have the purest water in the world, it is not in sufficient quantities for fire purposes.

The fire department has had an additional appropriation of \$400 from the town lately. The interest in the department has been on the wane for sometime and a paid department is a necessity.

Mr. Julian S. Carr, the chief marshal of the Centennial celebration is taking a great interest in it. He has already appointed forty assistants among the leading men of the State, whom the Durham Globe says, would be well worth coming to see, if there were no other attractions.

The cotton market was lively on Saturday. The receipts during the past week were about 350 bales. The prices paid are the same as the Wilmington market. The high price is drawing the staple from all directions.

To-morrow the postoffice will be turned over to the new Republican postmaster, Mr. D. F. Wemyss.

The office of the Postal Telegraph and Commercial Cable Company is the handsomest in the city. There is four batteries and two operators. The receipts have been three times as large as expected at this office. The company will soon put up a branch line from here to Wilmington, going by Elizabeth town on the west side of the river.

The coffer dam in the middle of the river broke in last Wednesday and the excavation soon filled with sand and water. This will delay the work three weeks or more. It is hard to get a foundation.

Rev. Jos. Wheeler, of the Hay street M. E. Church, has returned improved in health.

Rev. T. P. Barclay preached at St. Paul's, in Robeson county, yesterday where Fayetteville Presbytery is in session. A large crowd went down from here.

Rev. W. B. Oliver, the new

ALLIANCE DEPARTMENT.

Baptist minister, is expected to fill his pulpit next Sunday.

There is money in small industries as well as the large ones. That has been demonstrated right in this city. The cotton factory, despite the heavy loss occasioned by the blood has made some money; the bucket factory is making money; the canning factory made money; the clothing factory has six men on the road, works 85 hands and wants 150; the edge tool factory is making money and nearly every thing of the kind is doing well. These things are mentioned with a hope that it will create an interest in such things, as the CAUCASIAN is constantly urging the establishment of small industries, this is thrown by way of encouragement.

DUPLIN NEWS.

MEETING OF THE COUNTY ALLIANCE—MORE STOCK AND FRUIT SHOULD BE RAISED.

Sad Affliction of a Kenansville Family.

[Spec. Cor. to The Caucasian.]

KENANSVILLE, N. C., Sept. 30th, 1889.

THE CAUCASIAN is all the while improving.

Mr. Hank M. Sawyer, of Magnolia, won the county scholarship at the Agricultural and Mechanical College.

Mrs. Rebecca Hines, wife of Mr. C. S. Hines, of Faison, died on the 26th of September. Her husband and children have the sympathy of the people of the county in this sad bereavement.

It is said that Mr. Jno. E. Alderman sold \$18.25 worth of pears from two trees. Let us raise more stock, more fruit and a greater variety of farm products.

The staggers is proving fatal to many horses in certain portions of the county.

The County Alliance was in session on Saturday, September 28th. Our friends of the Alliance show by their efforts that they are determined to bring about an improvement in our condition. It is apparent even to the casual observer that there is a need of a remedy for our poverty. The organization that can put into effect counteracting influences will prove a benefactor indeed.

Mr. Jas. W. Cox, his sons D. S. and J. C. Cox and daughter, Miss Ella, have typhoid fever, the first two being at their home in Kenansville and the last two in Wilmington. The condition of Mr. J. C. Cox is quite critical. The family have recently lost a member in the person of Mr. J. F. Cox. They deserve the sympathies of everybody in this hour of sad bereavement and sore affliction.

[THE CAUCASIAN was adopted as the official organ of the County Alliance by the County Alliance, January 19th, 1889.]

Attention Brethren. The subscription price of the National Economist is \$1.00 per year, but we have a clubbing arrangement by which we can furnish the paper to all subscribers of THE CAUCASIAN at 80 cents per year. Those who are not taking THE CAUCASIAN can get both papers (for the first year only) for \$2.00.

Let every Alliance man remember our pledges to buy nothing but cotton bagging if we can possibly get it, and by no means to buy jute, under any circumstances. The man who is not with the Alliance on this point is against it and must be so branded.

Can the County Alliance not do a great deal to make our Sampson fair a success? Suppose there be a committee appointed in every sub-Alliance to see that their section is properly represented by a creditable exhibit. The effect would be to make the fair a big success. Let it be done, for Sampson must not do anything by halves.

What a good example the Alliance can set to-morrow by taking hold of and successfully inaugurating an enterprise which would put thousands of dollars into the pockets of our farmers, and also be the means of stimulating others to start or invest in smaller enterprises which would do so much toward building up our county. Let us start the canning factory and if it is a success other enterprises will surely follow.

The Presidents or representatives of nearly every sub-Alliance of the county met here on last Saturday and, in secret meeting, received, from the County President the special and secret instructions from the National Cotton Committee. This information was communicated to the various sub-Alliances in their called meetings yesterday. The matter will be further discussed and explained in the county meetings to-morrow.

Farmers' and Laborers' Union of America.

The above is the new name for the consolidated wheels and Alliances. Messrs. C. W. Macune, president of the National Farmers' Alliance; Isaac McCracken, president of the National Agricultural wheel; and Evan Jones, the new president of the consolidated organization are out in a proclamation stating that whereas the new constitution formed at Meridian last December has been adopted by three-fourths of the State wheels and Alliances that the two organizations are therefore merged and consolidated into one body to be known as the "Farmers' and Laborers' Union of America." The new constitution went into effect on last Tuesday, the first of October.

Beulah. Our people are seeing more of the evils of using commercial fertilizer each year, and less of it will be used next season than for many years. One of our members who made the experiment of using no guano on cotton along side of some on which guano was used, made the statement that if any man could tell any difference between the cotton he would give him the first baie he picked. The sooner our farmers abandon guano and use home-made fertilizers, the better for them and for the country. As an example of what can be done without commercial fertilizers, we would say that one of the best farmers in this community bought a piece of land, worked out the money to pay for it, and that without the use of commercial fertilizer.

It is discussion of principles, and not of mere undertakings, that bring great results. Principles once thoroughly understood, the means of establishing them are readily arrived at.—National Economist.

The first duty of a nation is to provide all its own necessities and thus become independent of obligation to others. To do this the lands of the nation, from which all values must be derived, should afford labor the ready and convenient access.

A Big Bargain

FOR SOMEBODY.

Being worn out and unable to do
farm work, I will sell my farm on
Six Runs, 6 miles from Clinton, con-
taining 200 acres, about 100 cleared
and under good fence, adapted to
growth of corn, cotton, and anything
grown in this region, and with good
seasons and work makes fine crops.
Very good houses, excellent water,
very healthy and a desirable place
to live at. I would sell at a low
price, if application is made within
the next three months. Now some
person desiring to farm can get a
wonderful bargain out of me.

LOCALS.

—The Sampson County Alliance
meets in Atkins' Hall to-morrow at
10 o'clock.

—Mr. W. S. Partrick has made a
new entrance to his neat millinery
establishment on wall street.

We regret to learn of the death
of Mrs. Charles Hines, mother of
our townsman Mr. Henry Hines,
which occurred at her home at Fai-
son on last Thursday.

We have received an invitation
to attend the opening exercises of
the state A. & M. College at Raleigh
on Oct. 3rd to 4th. Addresses are
to be delivered by Pres. Holliday
and others.

—Mr. W. P. Fife, the evangelist
will commence a series of meetings
in the interest of the Y. M. C. A. in
Clinton some time next week. The
meeting will probably be conducted
in Atkins Hall.

—The CAUCASIAN'S birth day is
Oct. 12. Let every one who possibly
can pay up his subscription by that
day so that we may be encouraged
and the better able to start upon an-
other years labor.

—It is wonderfully expensive to
run a good newspaper. We have
struggled over the dull season, but
now are in pressing need of money.
Let each one come to our assistance
with the amount due.

—When we wrote the displayed
head with Pres. Crowell on the first
page we intended to give an abstract
of his lecture as well as his sermon,
but we did not have room. Will
probably give the lecture later.

—Rev. Dr. John F. Crowell, Pres-
ident of Trinity College preached to
a large congregation in the Presby-
terian church in Clinton on last Sun-
day night. His discourse was able
and learned and was listened to with
marked attention by all who were
so fortunate as to be present.

—Many of our appreciative read-
ers have already answered our call for
an early settlement of subscription
due, those who have not yet done
so will please favor us as soon as
possible. If you come to court next
week be sure to remember us and
call up.

—Last week while in Rocky Mount
we visited the cotton mills, machine
shop and foundry of that place and
are thoroughly convinced that we
need such enterprises in this place.
At some future time we will give
our readers the benefit of the notes
we took while there.

—Some of our Sampson citizens
went to Goldsboro where their cotton
on last Friday and received 10¢ per
pound. They were much chagrined
when coming to Clinton on Satur-
day to find cotton selling for 10¢
cents and to learn that it has been
selling for that price for more than
a week.

—The Clinton & Warsaw Tele-
graph is in very bad condition.
Whose duty is it to keep it in re-
pair? In many places the wire is
detached from the insulators and in
several places is prevented from
touching the ground only by small
sticks. There must be a great loss
of electricity probably enough to
prevent the proper transmission of
a message in damp weather. Let
those whose duty it is put it in de-
cent condition.

—We notice in a recent patent re-
port that our former townsman, Mr.
T. B. Ashford, now of Winston, has
been granted a patent on a fruit and
vegetable crate. This, we under-
stand, is quite an improvement on
the old crate and we trust Mr. Ash-
ford's invention genius may bring
him ample reward from this, his
latest invention. Some time ago a
list of Mr. Ashford's inventions was
published in THE CAUCASIAN and
we think, in all, the number was
about fifteen.

Powell—Arrington.

In the Baptist Church, at Rocky
Mount, N. C., on the evening of the
26th of September, Rev. J. W. Pow-
ell, pastor, was married, on his
birth day, to Miss Lillie Arrington,
a member of his congregation.

The church was tastefully and beau-
tifully decorated and the marriage
ceremony, as performed by Rev. Dr.
J. D. Huthman, of Scotland Neck,
was no less beautiful and impressive.
The attendants were as follows:
E. L. Mart, with Miss Emma Ar-
rington; B. W. Arrington, with
Miss Mattie Beaman; Marion
Butler, with Miss Ella Arrington;
T. L. Conyers, with Miss Lizzie
Wilcox; J. D. Odom, with Miss An-
nie Pierce; Dr. J. A. Stevens, with
Miss Annie Griffin; J. L. Arrington,
with Miss Cora Fountain; Dr. M. R.
Braswell, with Miss Mattie Pierce,
H. B. Thorpe, with Miss Laura Pe-
tersen.

The Rocky Mount Plaindealer, re-
ferring to the marriage, says:
"The groom is the popular and beloved
pastor of the Baptist Church in this place,
and is a most excellent, worthy and
Christian gentleman. The bride is one of
Rocky Mount's most accomplished and
beautiful young ladies, the daughter of Capt. B. R.
Arrington, and is one of the most estimable
ladies of our acquaintance, and will be a
worthy helpmate to Bro. Powell in his holy
calling."
"The whole community joins with us
in wishing Mr. and Mrs. Powell a long life
of happiness and usefulness."

THE CAUCASIAN and Rev. Mr.
Powell's many relatives and friends
in this county join the Plain Dealer
and Rocky Mount in their hearty
congratulations and kind wishes for
the newly wedded and happy couple.

Do you take THE CAUCASIAN? If
not, then it is your duty to do so,
and help us make the paper better
and more influential.

PINEY GROVE.

Stagners among horses in this
community has been very prevalent
and in many cases fatal, for the past
few months. For this disease we
recommend the following treatment
which has been used on at least a
half dozen cases of staggers in this
community and in each case the
horse was entirely cured.

Boil poke root in water and mix a
pint of the liquid with a pint of
whiskey or brandy and give to the
horse at night, and if not better on
the following morning, repeat the
dose. This writer has tried the
remedy, on a case of the staggers
with success.

Mr. Editor last Friday was a day
of sadness and grief to the people
of Faison and the surrounding country
as they gathered to pay the last sad
tribute of respect to one who in life
had not only gained the respects but
the sincere love and affection of all
who knew her. This great bereave-
ment was caused by the death of
that most estimable character, Mrs.
Rebecca E. Hines wife of Mr. Chas.
Hines, which occurred Thursday 26th
ult. Mrs. Hines leaves a much be-
loved husband and eight children
six sisters and one brother to mourn
her loss. Let up in behalf of her
many friends extend to them our
most heart felt sympathy.

decided success.
Clement S. S. School is still in
a flourishing condition and no small
part of the interest is due to the

G. W. C.

President Chesnut.

As mentioned elsewhere the Samp-
son Veterans on last Thursday elect-
ed Capt. O. L. Chesnut for presi-
dent of this association. He was
born in Sampson county 3 miles east
of Clinton on the 22nd, Sept. 1840
on which place he still resides.

He received his early education in
his native village Clinton, afterwards
went 3 years to the noted "Franklin
Scientific and Military Institute,"
under the tuition of Messrs. Millard
& Denison where he learned among
other things to drill the boys. At
the beginning of the war he volun-
teered as a private in the first com-
pany raised in Sampson, but was
elected Captain of the 2nd Company,
before either left home. He served
4 years faithfully and surrendered on
the memorable 9th day of April at
Appomattox with his old Chief Capt.
Robt. E. Lee. He was wounded at
Ashland, Va. on the 1st day of June
1864 being struck with 4 balls in one
charge. He is still suffering from
his wounds and still carries a ball in
his left side to keep from forgetting
that he was a soldier. He was on

Sampson County Veterans Associa-

THE LATER REV. A. B. ALDER-
MAN.

We clip the following article
 from the Biblical Recorder
 which was written by Capt. J. L.
 Autry. It will be interesting
 not only to the family of the
 deceased, but to the great Bapt-
 ist denomination and many
 others who knew him:

Rev. A. B. Alderman's ances-

ters came from England in 1753.
 His great-grandfather was dis-
 inherited for joining Christ's
 church, (Baptist). All, so far
 as we know, were consecrated
 Christians. The subject of this
 sketch was born July 28th, 1819,
 and baptized in 1842, by that
 good old man, Rev. George Pen-
 nell. He entered the ministry
 at once. The writer heard him
 say, several years ago, that the
 words, "Woe is me if I preach
 not the gospel!" clung to him
 from his conversion until he be-
 gan to preach. We believe he
 did preach from that day, nothing
 but the word of God. He
 preached in the counties of
 New Hanover, Pender, Onslow,
 Duplin, Brunswick, Columbus,
 Robeson, Bladen, Cumberland,
 Sampson, Wayne, Johnson and
 Harnett. A great many church-
 es were organized by him and
 under his ministry. He was a
 member of Baptist Chapel
 church, in Sampson county, at
 the time of his death. He was
 pastor of this church for four-
 teen years. During seven years
 of this pastorate he baptized
 eighty-eight persons. The record
 for the other seven years is lost,
 but it is safe to say that during
 this time he baptized as many
 more.

The Cedar Creek Association
 was organized November, 1858.
 Rev. A. B. Alderman was its first
 Moderator, and served faithfully
 until 1870.

The brethren having so much
 confidence in him he was made
 general missionary within her
 bounds. Among other stations
 he took up Greenwood School-
 house in Cumberland county,
 where he met great opposition
 by those opposed to "the faith
 once delivered to the saints." At
 his second visit there he found
 the house locked against him,
 but as he never did, he left it
 in the hands of his Master.
 There being a large fine stump
 near by, he laid his Bible and
 hymn book upon it, and prayed
 that God might have mercy on,
 and bless those who had so des-
 pitefully used him. Then stood
 there in the woods, as God's
 servants have often done, and
 preached the gospel to a dying
 people. The church at Antioch,
 Cumberland county, is the out-
 growth of this sacrifice, and he
 died its pastor. About the same
 time one of his brethren made
 an appointment for him at an
 other school-house, and the
 committee forbidding his en-
 trance, he went into a private
 house and held services, and
 prayed for his opposers, one of
 whom afterwards became a de-
 voted Baptist through the in-
 fluence of the sermon then
 preached. The Dunn Baptist
 church is the result of this ef-
 fort, near which his body now
 sleeps.

On one occasion a giant rode
 up to his gate and calling him
 out, told him he was going to
 whip him. As was our brother's
 custom, he said, "will you let
 me pray for you first?" This
 ended the whipping, or thus was
 the devil whipped by Jesus.
 Bro. Alderman was a friend to
 God, to good government, to ed-
 ucation, to the old and to the
 young. No man that we ever
 knew had a more pleasant fam-

ily, or a better trained house-
 hold. His house seemed as near
 heaven as one can get on earth,
 and being supplied with a well
 selected religious library was a
 sort of theological school in it-
 self. He sought to encourage
 and help those whom he be-
 lieved to be called of God to preach
 the gospel, and Baptist Chapel
 church, of which he was a mem-
 ber and pastor, sent out not less
 than six ordained and one li-
 censed preacher. We will re-
 member, as long as we remem-
 ber anything, the cheering
 words from this man of God.
 We had the good fortune to visit
 him in his sickness, and found
 him full of hope, full of faith,
 full of prayer, and still preach-
 ing. It seems to be his great
 desire that some of his
 children should preach the gos-
 pel.

He urged that our ministers,
 members, one and all, should
 be true to the faith. If all our
 brotherhood knew as well as he
 did what "the faith" is, and
 would cling as closely to it, there
 would not be so many to say,
 "Some other way, will do as
 well." I heard one of our most
 promising young ministers, who
 sat by his bedside during his
 sickness, say that he would not
 take anything for what he had
 learned from this man of God.
 He baptized our beloved Brother
 F. R. Underwood, pastor of
 Clement church, of which the
 subject of this sketch was a
 prime mover, and of which the
 writer is a member. He was
 an honored member of the order
 of Freemasonry.

Being dead, he yet speaketh
 on earth, and has joined that
 cloud of witnesses in heaven, by
 which we are encouraged to
 "run with patience the race that
 is set before us."

THE INCURABLE CURED.

A Remarkable Statement from a Well-

known Citizen of South Carolina.

Cancer is hereditary in my family.

an aunt on each side having died
 from this dreadful disease. In each
 instance the cancer was located in
 identically the same position that
 mine first made its appearance—
 just below the left eye and extending
 down the left cheek bone and nose.
 I was attended by the best physi-
 cians, but the case continued to grow
 worse under their treatment, and no
 hope of a cure could be given by
 them; they said: "I had better
 have my affairs for this life and the
 next arranged, for the cancer was
 liable to strike a vital organ at any
 moment, and at once bleed me to
 death. About this time, 1886, I met
 with Mr. Shirley, living near Due
 West, whose cancer was being rapid-
 ly cured by using Swift's Specific
 (S. S. S.). I then gave up the doc-
 tors and all medicines I had hereto-
 fore been using, and commenced
 taking S. S. S., and after using the
 third bottle, I discovered that the
 scab had fallen off, and that those
 sharp darting pains, so characteristic
 of the cancer, had ceased, and the
 discharge was very profuse. In a
 few days it began to heal rapidly,
 and soon dried up. By the time I
 had exhausted the fifth bottle there
 was nothing left but the scar where
 the cancer had been, and I was a
 well man. The cure effected in my
 case is considered by my neighbors
 a most remarkable one, and clearly
 demonstrates the fact that S. S. S.
 does cure cancer. Swift's Specific is
 a boon to suffering humanity, and
 all I ask is, that those afflicted with
 cancer give it a trial, and like my-
 self will be convinced of its vir-
 tues." JAMES B. ANSOLD.

Mercurial Poison.

Mercury is frequently injudiciously

used by quack doctors in cases of
 malaria and blood poison. Its after
 effect is worse than the original dis-
 ease. B. B. B. (Boinic Blood Balm)
 contains no mercury, but will elimi-
 nate mercurial poison from the sys-
 tem. Write to Blood Balm Co.,
 Atlanta, Ga., for book of convincing
 proof of its curative virtues.

A. F. Britton, Jackson, Tenn.,

"I caught malaria in Louisiana, and
 when the fever at last broke, my
 system was saturated with poison,
 and I had sores in my mouth and
 knots on my tongue. I got two
 bottles B. B. B., which gave up my
 tongue and mouth and made a new
 man of me."

Wm. Richmond, Atlanta, Ga.,

writes: "My wife could hardly see.
 Doctors called it syphilitic iritis.
 Her eyes were in a dreadful condi-
 tion. Her appetite failed. She had
 pain in her joints and bones. Her
 kidneys were deranged also, and no
 one thought she could be cured. Dr.
 Gillam recommended B. B. B.,
 which she used until her health was
 entirely restored."

K. P. B. Jones, Atlanta, Ga.,

writes: "I was troubled with cop-
 per colored eruptions, loss of appe-
 tite, pain in back, aching joints, de-
 bility, emaciation, loss of hair, sore
 throat, and great nervousness. B. B.
 B. put my system in fine condition."
